## Samsung C&T America joins Fight to End Epilepsy hosts Clothing Drive

COMMERCE, CALIF (September 5<sup>th</sup>, 2014)

Samsung C&T America is doing their part to End Epilepsy in their Southern California office located in Commerce. The office held a week-long clothing drive that tipped the scales with close to 1,000 lbs of clothing donated.

The Epilepsy Foundation has a partnership with Savers Thrift Stores, who picked up the donated clothes, that enables the foundation to earn money based on the amount of clothing donated to the stores.

Samsung C&T America selected End Epilepsy as a cause to back when one of their employees saw a notification about the clothing drive opportunities in the mail.

Amanda Peverly-Alvarez helped coordinate the efforts of her colleagues and was proud of their efforts.

"Everyone at Samsung C&T America believes in helping others and we were thrilled to help raise money and awareness for epilepsy." She said. Upon hearing just how much was donated she smiled and replied, "I work with some of the most generous and hard-working people and I'm proud of how we came together to give to such a great cause."

The Epilepsy Foundation of Greater Los Angeles would like to extend a sincere "Thank you" to Amanda and everyone at Samsung C&T America's Commerce office. The work you've done is sincerely appreciated in our office and in the epilepsy community of Greater Los Angeles.
